Legend

State Price: Normalized position of price within the previous quarterly range.

- Values near **-1** indicate price breaking below the previous range (bearish).
- Values near **+1** indicate price breaking above the previous range (bullish).

Weekly Structure: Trend derived from swing high/low breaks on weekly candles.

Trend: Combined signal aligning price momentum with market structure.

Change: Highlights a change in trend relative to the previous week, green colors for bullish momentum and red colors for bearish momentum.
